

"Beautiful Wife"

©v.c.ilagan2006 from 'persistence' album

I couldn't sleep last night a thousand
things on my mind
Butterflies in my stomach
I thought maybe I would get so nervous
I would stumble the isle
Leave my fly undone
Drop the ring or stutter

When I first laid my eyes on you at the
church by
The alter I stood by my groomsmen I felt
like I was the luckiest guy in the world
I couldn't wait for me to say to you "I do"
then kiss you hey

When the choir started singing, we
joined along
Even the ring bearer and the flower girl
felt the song
And yes I saw the tears welling in your
eyes
But was wrong

Nothing can ruin my day now, it could
rain even storm outside
It'd still feel like the perfect night... years
from now we'll watch this on the video
Look at all the photos with pride
On the first day I can call you my...
beautiful wife

I'm on such a high we're doin everything
right
And yes I think God is smiling on us
Your dad even put me aside then he
told me all at once
I'll be losing my daughter today and
gaining a son

You asked me why I was so quiet back
in the car
On the way to the reception I thought
this is just the start
No words can describe, what is in my
heart

Nothing can ruin my day now, it could
rain even storm outside
It'd still feel like the perfect night... years
from now we'll watch this on the video
Look at all the photos with pride
On the first day I can call you my...
beautiful wife

And I don't know what you and I will go
through
Tomorrow at least you can rest at ease I
promise to be the best I can be
No matter what's testing you and me,
our families and our friends
Heard clearly before when we said our
vows
& you know there is no turning back now
