

"what then"

©v.c.ilagan2005 from 'I think I know' album

You're ready to go, throw it all away
now, and this time we meant it too
Talked about all our options every
avenue

You've cried a lot now and I said Im
sorry
And you said don't worry and you told
me other things

And what you thought went wrong
An hour talk too long to bite my lip, and
why you won't go on
And I'm asking please, I've heard this all
before
Please enough said there's the door
Please did I hear you right, there's more

You still wanna be friends, what then
Will you be fine to stand by and watch
me find another one to call mine
Are you sure, are we clear, and do we
understand what we're doin' here
I don't know about you, but when I let
you go, I really do

It's better this way, I'm not like the
others, why would I be bothered to
spend time
After what we've been through, what am
I blind
And I'll take a while now, but I will get
over you
Just do me a favour and delete my
number

True, we'll miss each other much
And everyone will show us such a fuss
And how we looked good together

Its' a shame I know that's what they'll
say

Shame I don't care anyway
Blame it on nobody... okay

You still wanna be friends, what then
Will you be fine to stand by and watch
me find another one to call mine
Are you sure, are we clear, and do we
understand what we're doin' here
I don't know about you, but when I let
you go, I really do

Don't get me wrong I won't forget you, I'll
remember you
All due respect you taught me much and
I thank you for all those good times
But I'm tired and I don't want to be tied

I don't wanna be friends... what then
No I wouldn't like standing by, to watch
you find another guy
Soon you'll be sure, you'll be clear, and
you'll understand what I'm doing here
You won't know about me, but when you
let me go you'll be better ...you'll see
