

# "you and me"

©v.c.ilagan2007 from 'another way' album

Yes you're Irish, and I'm Asian  
But I'm also Australian  
And I wear my green on St Patricks day  
So what do you say, what do you say  
You drink Guinness, I drink juice  
But sometimes a Stella if I choose  
And we hardly talk on our breaks  
If we're lucky to meet for Gods sakes

If I toora looralie tried  
Would you mind, you mind oh  
You're my kind, my kind so  
Could I, toora looralie try  
Would I lie, I lie no  
Your Irish eyes catch me so

You speak fast, I speak slow  
But when we talk it's so good you know  
And I often ask to repeat yourself  
It's not you, its just me, I don't listen well  
I've never been to Ireland, but one day I  
will in due time and  
You probably never ever heard of my  
birthplace  
But I can tell you that later, for now I'll  
cut to the chase

If I toora looralie tried  
Would you mind, you mind oh  
You're my kind, my kind so  
Could I, toora looralie try  
Would I lie, I lie no  
Your Irish eyes catch me so

And you're beautiful  
In so many ways  
Unpredictable

Probably heard too many men say this  
to you  
And though it's true  
You don't let this get to you

If I toora looralie tried  
You don't have to say a word  
Fact if you haven't already heard  
You can gather from the look on my  
face that it hasn't improved  
If you wanted to you'd walk away  
Couldn't blame you if you did today  
But I'm counting on the hunch that you  
think the same as me and you'd stay

It couldn't be all that bad now  
We've had it worse than this remember  
Don't even mention September  
Don't go telling me you're packing up  
your bags

Because I'm not gonna let, no I'm not  
gonna let  
No I'm not gonna let this be  
And we're not gonna let, no we're not  
gonna let  
No we're not gonna let this stop you and  
me

So by now I guess you realize that it's  
more than just a compromise  
Just as long as you can keep it strong in  
your mind it'll be okay  
If I wanted to I'd walk away sick and  
tired of playing all the games  
But you know that's just not my way and  
I know you're the same

It couldn't be all that bad now  
We've had it worse than this remember  
Don't even mention September  
Don't go telling me you're packing up  
your bags again

Because I'm not gonna let, no I'm not  
gonna let  
No I'm not gonna let this be  
And we're not gonna let, no we're not  
gonna let  
No we're not gonna let this stop you and  
me

I don't care how close you are right now  
to throw the towel in baby  
Won't you wait a minute before you do  
You never know what's just around the  
corner  
Wouldn't that be good if we could cross  
that bridge too  
If we have to  
I would even carry you  
Imagine if we did quit now, it doesn't  
sound right somehow

Because I'm not gonna let, no I'm not  
gonna let  
No I'm not gonna let this be  
And we're not gonna let, no we're not  
gonna let  
No we're not gonna let this stop you and  
me
