"don’t go"

She waves goodbye from the other side
Of the room blowin’ kisses to
Me and I think it’s funny
Who thought I’d end up on the floor
Dance when I’m not the type to dance
Even sing after four or five drinks
Girl thanks for introducing this world
I can’t believe you gotta leave

Don’t go… ‘tleast not now oh no
Don’t stop… time to leave me no it’s not

I don’t like games but if you wanna play
It’s okay for you I will make
This exception direction
Me just be gentle please
Trust me I know that you must be
Confused and torn you don’t know what’s home
To me it’s where you hang your hat see
Please stay, don’t say goodbye to me

Don’t go… ‘tleast not now oh no
Don’t stop… time to leave me no it’s not

It you’re really leaving
Maybe I’ll be leaving
Too cause just believe me
Ain’t no fun when you’re gone x4
