

# "pick one"

©v.c.ilagan2003 from 'I think I know' album

Let me think for a little while, it was  
definitely me that you smiled  
at before and some more  
as the time ticks by I'm sure I'll meet you  
I can't help but notice how you stand out  
from the crowd  
Though it may be dark, and the music's  
loud I wanna do this right  
I don't want to stumble won't you  
understand

You may be one of the prettiest girls in  
the room  
And I'm like the fifth guy to come up and  
say hi to you  
Won't surprise me with anything that you  
say or at least I think so  
And you won't let me get to you, unless I  
go through

Hi how you doin'  
What's your name  
Did you come here with your friends  
What are you drinking  
What's the time  
Do you smoke  
Do you have a light  
What do you do  
What's your background  
Where's your accent from  
Do you come here a lot  
Pick one

As I run through the scenarios  
I can tell myself well that I'm right to go  
You're having a good talk with your  
girlfriend

You may not want interruptions  
Maybe I'm thinking far too much  
And ok I may be a little bit nervous  
I've only got one first impression to  
make  
And hey I don't want to ruin it

You may very well be the best dressed  
tonight  
And I know for sure that you are my type  
Please make it easy for me, call me  
over  
And let me speak in your ear  
I'm gonna be myself with you and I hope  
you're honest too

Pick one

I tell myself time and time again there's  
nothing there to lose  
It's up to you if you choose me to talk to  
I guarantee you  
Just help me through the ice breaker  
please excuse my first line, we'll be fine  
And it'll all be smooth from there, just be  
aware
